Low/ Medium-Density Residential (R-1) district to the City of Conway Highway Commercial (HC) district. Hucks stated that this property is currently zoned R-1 and the applicant is seeking to rezone the property for future potential development under the HC district. The city's future land use map identifies the property as HC, which is a zoning intended to accommodate auto-dependent commercial development. The HC district is typically located along major arterial and highway corridors where auto-dependent development can occur, while also promoting orderly growth, coordinated access, and functional corridor aesthetics, such as those that are listed in the City's Gateway Corridor Overlay, which this property will be subject to if developed commercially. Property on either side of this property is zoned HC. Property across from it is zoned Horry County Heavy Industrial. Property located behind the subject property is the Ivy Glen development, which is zoned R-1. Hucks said that Planning Commission will hold a public hearing on the request at their December 11 meeting and their recommendation will be forwarded with first reading of the ordinance to rezone the subject property.

Hucks explained the buffer requirements in the HC district abutting the Ivy Glen development.

SECOND READING:

Second Reading of Ordinance #2024-11-18 providing for the establishment of the Riverfront Downtown Redevelopment Project Area, the approval of the Riverfront and Downtown Redevelopment Plan, and financing of redevelopment projects, and other matters related thereto. Rogers stated that this is second reading for the Riverfront Downtown Redevelopment Project area and introduced Attorney Gary Pope. Pope gave a brief overview on the consideration of second reading of the TIF plan stating that it encompasses 449 acres and 296 parcels of property. The boundaries of the Redevelopment Area include and encompass a significant portion of the city's downtown commercial area and riverfront, particularly including certain area around First, Second, Third, Fourth, and Fifth Avenues between Kingston Lake and the Waccamaw River on the north and Highway 501 on the South, and also including the former Santee Cooper property between First Avenue, Highway 501, and the Waccamaw River. Pope said that the cost of the Redevelopment Project is estimated at \$78,900,000. Second Reading allows the city to set the tax value as of December 31 of last year and that gives a base line of future investment to count towards the increment. The school district and Horry County have reserved their rights to participate and are currently planning to negotiate over the course of the coming months. Pope said that this sets the baseline value for the district to allow the city to move forward with the downtown redevelopment plan and also gives a basis to negotiate with the county and school district.

There was some discussion regarding the notice to the property owners within the plan, and the process of adding properties to the plan.

Motion: Goldfinch made a motion, seconded by Blain to approve second reading of Ordinance #2024-11-18 . **Vote:** Unanimous. Motion carried.

FIRST READING:

- A. First Reading of Ordinance #ZA2026-02-02 (A) to annex approximately 0.22+/- acres of property located at 250 Chevy Chase Drive (PIN 367-13-01-0031).** Hucks stated that this is a request to annex the subject property, which is being requested in accordance with city requirements for connection to city utilities. The property was transferred into the current owner's name in October, and restrictive covenants were recorded on November 10. One property directly beside the parcel is already within the city limits, which was annexed in 2011 and zoned R-1. Property directly across from the parcel is also within the city limits, zoned FA although currently undeveloped. With the exception of the undeveloped parcel and the elementary school, this area is primarily residential in nature. Nearby surrounding properties, although not contiguous, were annexed in 2016, 2017, 2020, 2023, and in June of this year; all of which are zoned R-1.

Hucks said that if first reading of the ordinance to annex is approved, Planning Commission will hold a public hearing on the requested zoning at their meeting in January 2026 and that staff does recommend first reading to annex the subject property.

Motion: Blain made a motion, seconded by Jordan to approve first reading of Ordinance #2026-02-02 (A) annexing the property at 250 Chevy Chase Drive. **Vote:** Unanimous. Motion carried.

- B. First Reading of Ordinance #ZA2026-02-02 (B) to annex approximately 18.26+/- acres of property located at 1071 & 1059 Academy Drive (PIN 382-00-00-0009).** Hucks stated that council discussed this property and the potential for annexation at a council workshop a couple of months ago, where the applicant had approved plans and permit for rectory home for St. James Catholic Church, ready for pickup at Horry County Code Enforcement. When attempting to pay their water tap fees, the applicant was informed of the requirement to request annexation. The consensus of council at the workshop was that annexation would not be appropriate at this time, due to the fact that the only property on Academy Drive that would need city services, aside from city water, would be this property. However, that application is still required to request annexation. Restrictive covenants were recorded for the property on November 20, 2025.

Hucks said that staff recommended against annexation of the property at this time.

Motion: Goldfinch made a motion, seconded by Butler to deny first reading of Ordinance #2026-02-02 (B) annexing the property at 1071 & 1059 Academy Drive. **Vote:** Unanimous. Motion carried.

CONSIDERATION:

Consideration of City Assistance to Blackwater Market for Restroom Cleaning and Stocking (October – December) – Emrick said that this was a request from Russell Fowler of Blackwater Market to designate its on-site restrooms as public restrooms during the peak visitation months of October through December. They have requested that the city consider assisting with daily

December 1, 2025

cleaning and the stocking of restroom supplies during this period. Emrick said it would require an MOU, there are pros and cons, but it is an atypical situation.

There was discussion concerning how often the city's public restrooms are cleaned, the need to bring in porta potties, the labeling of the restrooms as public, liability concerns, overuse issues that may fall back on the city, MOU as a test run for December 2025, the city completely taking over ownership, responsibility of repairs when needed, and the cleaning schedule.

Motion: Blain made a motion, seconded by Goldfinch authorizing the administrator to enter into a 1-month MOU with the owners of the Black Water Market for help with the daily cleaning and stocking of their restroom for public use and then come back to council for further assistance.

Vote: Blain, Goldfinch, Jordan, White, Butler, Helms voted yes. Hardwick voted no. Motion carried 6-1.

PUBLIC INPUT:

- Lizzy Marlowe – spoke to council regarding the buffer behind her home at the dentist office saying that it encroaches on her property and, she said that she was attacked by a satanic decoration while entering city hall.

CITY ADMINISTRATOR'S REPORT:

Emrick informed Council of the following:

- The city's Technology Services Department is testing out some new hardware for the Christmas season. They are installing a parking lot sensor at the Town Green parking to be able to monitor the amount of vehicles in and out of the parking lot and determine the available parking spaces in the lot. This can then be made available to the public via a dashboard. If it works well for Christmas, staff can add more parking lots in the future.
- IT is also working at adding a real time people counter to existing infrastructure. This will allow us to know, in real time, the number of people in certain areas of the City at any given moment. We will continue to use the other service that we subscribe to for the next year, and compare the data we have from the two sources.
- On Wednesday, at 1 pm, the Police Department is hosting a drop-in to celebrate the retirement of Sgt. Michelle Johnson, at the Public Safety Building.
- The Christmas Tree Lighting is this Thursday at 6 pm. Make travel plans now to avoid the traffic congestion. Main Street will close early, around 3 p.m. 3rd Avenue will close earlier than that to all for the set up to begin.
- The Tree Lighting marks the beginning of Christmas in Conway, so after the lighting of the tree, the expanded Celebration of Lights, the Christmas Carnival, and Santa's Village all begin.
- On Friday nights from now until Christmas, Horry Georgetown Technical College is sponsoring movie nights at the Terrace. This Friday, the Mayor's Youth Council will lead the event, showing a double feature of the Grinch who Stole Christmas, the 2000 version,

December 1, 2025

followed by the original 1968 version. They are also leading a Toys for Tots drive at the movie night, so bring a toy with you.

- The Reindeer Run is this Saturday beginning at the Conway Marina.
- Arbor Day celebration is this Saturday from 11am-3 pm in the Terrace. This year's Arbor Day will be a larger event than usual as we commemorate the 40th year of Conway being a Tree City USA city.
- The Holiday Market is at the Sports and Fitness Center this Saturday beginning at 9 am.
- A Christmas to Remember, where our Police and Fire Department take kids who may otherwise not have a Christmas, shopping, is this Saturday at noon. This year they are meeting at the Town Green to kick off the day.
- The 8th Annual Rivertown Regatta, Christmas Boat Parade is Saturday at dusk.
- The Under the Lights 5k is the 10th at 6 pm beginning at the Marina.
- The Sensory Friendly Christmas Tree Lighting is on the 11th at 6 pm at Riverfront Park. This is an opportunity for those who are neurodivergent or those who are uncomfortable with the large crowds that our Tree Lighting event normally brings, to have a little more relaxed and accepting event.
- The Hospitality and Beautification Department is hosting a drop in to celebrate the career of Anthony Huggins on the 12th from 11am – 2 pm. Anthony is retiring after 24 years of service to the City of Conway.
- The Christmas Parade is on the 13th. Make sure you are at the starting point of the parade no later than 9:45 am.
- Gave a shout out to our Parks and Recreation Department. Patsy Baker was featured in the National Parks and Recreation Magazine in the December 2025 issue for implementing new training techniques into her role with the City.
- There are no workshops or Executive Sessions tonight, but a short report from Jessica Hucks in the Planning Department.

Goldfinch wants the city to be the leader and encourage local cities and counties to have requirements in place where new neighborhoods have development agreements with enhancement fees to subsidize the expense of growth. Goldfinch wants to reignite the discussion, get more aggressive and go to the state with all concerns.

Emrick discussed the COLA in this area, removal of the income tax in South Carolina, growth in Horry County, traffic congestion in downtown Conway, infrastructure improvements, construction of bridges, development agreements with enhancement fees, and impact fees.

White encouraged the city to communicate with the other entities. Blain said there are many opportunities to do that with the League of Cities being one.

Hucks gave a yearly update on the Planning and Development Department.

E. Country Club Dr. (Special Presentation)

COUNCIL MTG DATE: January 5, 2026	AGENDA ITEM: VII.F.
ORDINANCE: N/A	AGENDA SECTION: Special Presentation
ISSUE: Discussion of a request to rezone approximately 50.64 +/- total acres of property located on E. Country Club Dr., from Low/Medium-Density Residential (R-1) district to the Conservation Preservation (CP) district.	
APPLICANT(S): City of Conway	PIN(s): 339-00-00-0026
CURRENT ZONING: Low/Medium-Density Residential (R-1)	PROPOSED ZONING: Conservation Preservation (CP)
BACKGROUND: The subject property, E/S Country Club Dr.; Parcel B, was transferred from Snow Hill Company to the City of Conway on March 21st, 2025 with the intent to preserve the flood zones and wetlands. The property is currently zoned Low/medium Density Residential (R-1) and is vacant. Per <i>Section 3.2.15</i> per the UDO, the Conservation Preservation (CP) <i>serves to provide needed open space for general outdoor and indoor recreational uses, and to protect environmentally sensitive areas and flood prone areas from the encroachment of any residential, commercial, industrial, or other uses capable of adversely affecting the relatively undeveloped character of the district.</i> The request is not in accordance with the Future Land Use map as it is identified as Low Density Residential; however, surrounding properties are zoned Conservation Preservation (CP). Zoning the property to Conservation Preservation (CP) is consistent with the City's goal to protect environmentally sensitive areas containing flood zones from residential development.	
SURROUNDING USES/ZONING: The property abuts a residential development currently under construction, zoned R-1 and is surrounded by uninhabited, wood wetlands zoned R-1 in the city limits or SF-20 if in the unincorporated area of the county.	
COMPREHENSIVE PLAN / FUTURE LAND USE MAP: The City's future land use map identifies the property as Low/Medium-Density Residential (R-1). Per <i>Section 3.2.3</i> of the UDO, <i>the intent of the R-1 district is to provide for the preservation and expansion of areas for low to medium density, detached single-family residential development in the City of Conway. The district shall present a relatively spacious character, promote quiet, livable neighborhoods, and prohibit uses that are incompatible with the residential nature of the surrounding area.</i>	
PLANNING COMMISSION RECOMMENDATION (and public hearing): Planning Commission will hold the public hearing on this request at their January 8th meeting, after which their recommendation will be forwarded to City Council.	
TRC RECOMMENDATION / COMMENTS (if applicable): None

STAFF REPORT

1322 & 1324 Cottage Lane

COUNCIL MTG DATE: January 5, 2026	AGENDA ITEM: VIII.F.
ORDINANCE: #ZA2026-03-16 (B)	AGENDA SECTION: First Reading
ISSUE: Petition to annex approximately 0.43+/- acres of property located at 1322 & 1324 Cottage Lane	
APPLICANT(S): Sara Jo Lewis	PIN(s): 338-10-02-0006, & - 0005
CURRENT ZONING: Horry County Residential, mobile homes allowed (MSF10)	PROPOSED ZONING (upon annexation): Low/Medium-Density Residential (R-1)
BACKGROUND: The subject property, identified as Lot 4 1322 Cottage Lane & Lot 5 1324 Cottage Lane's restrictive covenants were recorded on November 26, 2025. Both properties contain one single-family dwelling. Properties abutting the rear and directly across Cottage Lane from the subject parcel are already within the city limits. Annexation is being requested as a requirement to connect to city services following a name change to the city utility service account. The applicant is requesting Low/ medium Density Residential (R-1) which is not supported by the Future Land Use Map, which identifies the subject properties as being Highway Commercial (HC). The zoning district HC would not prevent the homes from being used as residencies it would simply restrict the ability to expand the use in the future, as the existing residential structures would become legal nonconforming uses under the HC district.	
SURROUNDING USES/ZONING: The properties are surrounded on two sides by properties already in the city limits and zoned HC. The properties on either side of the parcels are vacant wooded lots with the rear abutting property being commercial uses like fast food establishments among others all zoned HC in the city limits.	
COMPREHENSIVE PLAN / FUTURE LAND USE MAP: The City's future land use map identifies the property as Highway Commercial (HC). Per <i>Section 3.2.10</i> of the UDO, <i>the intent of the HC district is to provide compatible locations to serve the automobile oriented commercial activities in harmony with major highway developments, reduce traffic congestions and to enhance the aesthetic atmosphere of the City.</i>	
PLANNING COMMISSION RECOMMENDATION (and public hearing): Planning Commission is scheduled to hold the public hearing and consider the proposed zoning upon annexation at their February 5th mtg.	
TRC RECOMMENDATION / COMMENTS (if applicable): None	
RECOMMENDED ACTION: Approve First Reading of Ordinance #ZA2026-03-16 (B) to annex the subject property.

SPECIAL EVENTS ALCOHOL CONTROL POLICY

All event organizers and restaurants are required to be familiar with and follow the guidelines when participating in special events where alcoholic beverages will be served. It is understood that responsibility for fully meeting these requirements during an event rests with the entity, vendor, or restaurant serving alcohol within the special event area. Under City ordinance, any time a Special Event permit is approved, beer and/or wine may be openly carried within the area that the event is being held. As such, it is vital that the holder of the Special Event permit is aware of and understands the following:

1. Hard alcohol (liquor) may not be present, possessed, consumed and/or served at any permitted special event. *Section 7-2-2 (b) (1) states "The sale of alcohol within the designated area of a special event is limited to beer and wine."*
2. Public consumption of alcohol as authorized by the special event permit shall not begin before the designated event start time. There shall be no open containers of alcohol allowed in the event area before this designated time. Any vendor or participating restaurants must discontinue alcohol distribution for public consumption within the event area at a minimum of 30 minutes prior to the end of the event. All alcohol must be cleared from the event site at the end of the event.
3. At no other time may alcohol be present, possessed, served, and consumed in the public area.
4. It is a violation to permit or knowingly allow a person under 21 years of age to purchase or possess or consume liquor, beer or wine. The seller of beer or wine must clearly display signs stating that the purchase or possession of beer or wine by a person under the age of 21 is unlawful.
5. Signs informing participants that alcohol beverages are prohibited on City streets and sidewalks beyond the boundaries of the designated special event area will be posted by the City.
6. No alcohol may be served in glass containers or bottles.
7. It is a violation to sell liquor, beer or wine to an intoxicated person. Any person in an intoxicated condition, even if of legal age, must be denied alcohol.

If your event is proposed to be located on property owned by the City of Conway, approval of this permit shall grant the license and permission to use said property. The approval of the City Administrator or City Council shall be required for such use.

If your event is to be held on property not owned by the sponsoring organization, the property owner must complete the following:

ISSUE

Replace vehicle totaled in a collision (not at fault).

BACKGROUND

Police Officer Vili Schwenke was stopped at a stop sign and a vehicle turned into the driveway he was at. The vehicle did not maintain their lane, was traveling too fast, crossed over into the lane Officer Schwenke was sitting at and struck him head on. The incident was reported to our municipal insurance, and the adjustor declared the vehicle a total loss.

This is an emergency request to replace the totaled patrol rated vehicle as quickly as possible. Our claim will be subrogated by the at-fault driver's insurance.

DATA

A check was issued for \$23,890 as the value of the vehicle at total loss. City of Conway Procurement located a vehicle on state contract and will procure a replacement once approved. The total cost of the new vehicle is \$52,132. The offset will come from the capital section of the police budget.

RECOMMENDATION

Accept request for the replacement vehicle. Pay purchase price from department capital funds (non-budgeted). Apply all monies received from insurance reserve to offset the cost. The gap will be absorbed by the capital fund.
