STAFF REPORT

COUNCIL MTG DATE: November 17, 2025	AGENDA ITEM: III.B.
ORDINANCE: N/A	AGENDA SECTION: Consent
ISSUE: Request to certify property at 1311 Ninth Ave as eligible for a special tax assessment under the Preservation Tax Incentive Program.	
APPLICANT(S): Drew McElveen	PIN(s): 338-14-03-0042
CURRENT ZONING: Low/Medium Density Residential (R-1)	PROPOSED ZONING: N/A
BACKGROUND: The applicant is requesting the property at 1311 Ninth Ave be considered for a special tax assessment. In order for the applicant to begin the process of being approved for this incentive council must first deem the property eligible. There are 2 ways the property can be deemed eligible by City Council. 1) Be listed in the National Register of Historic Places, either individually or as a contributing property in a district; <u>or</u> 2) Be 50 or more years old and have been designated as historic by the city council, either individually or as a contributing property in a local historic district. This property is located within the Historic Residential District that is listed on the National Register of Historic Places and has been considered a contributing property since 2010. The home is historically known as the S.P. Hawes House and dates back to the 1910s. According to SC Historic Property records it was home to Samual Pickney Hawes who was a grocer and married Frances Gilbert Johnson. Hawes lived at the home until his death in 1940 with his wife and 3 sons, George Aubrey Hawes, Samuel Pickney Hawes and Dr. Cecil Jennings Hawes. He is buried at Lakeside Cemetery. Deeming the property eligible will not impose the tax freeze for the property automatically the applicant must receive preliminary approval from the Community Appearance Board, and complete Horry County's Historic Rehabilitation Tax Incentive process prior to the incentive being implemented. The applicant then must complete the work in its entirety for the tax freeze to remain in effect. Council is tasked with determining if the property should be granted eligibility based on its historical significance to pursue the incentive further.	
STAFF RECOMMENDATION: Staff recommends certifying the property as eligible to allow for the consideration of the Preservation Tax Incentive Program for the property.

ISSUE:

Approval of Intergovernmental Agreement between the City of Conway and Horry County for the development of the Horry County Master Trail Plan

BACKGROUND:

The City of Conway and Horry County recognize the importance of expanding bicycle and pedestrian connectivity throughout the region. To advance this goal, the County intends to develop a comprehensive *Master Trail Plan* that will guide the creation of a greenway system connecting neighborhoods, schools, commercial corridors, and other destinations across Horry County.

The attached Intergovernmental Agreement formalizes the City's participation in this county-wide planning effort. Under the Agreement, the City will coordinate with the County and its consultants during the planning process and assist with the development of trail alignments that connect Conway's downtown, parks, public lands, and Coastal Carolina University to the broader system. The County, contingent upon securing grant funding, will retain professional civil engineering and design services to prepare the Master Trail Plan and manage all consultant work.

The proposed plan will help identify feasible trail alignments, cost estimates, and implementation priorities—positioning Conway to leverage future state and federal funding for trail construction and to strengthen regional connectivity between Conway, Coastal Carolina University, Carolina Forest, and Myrtle Beach.

RECOMMENDATION:

Staff recommends City Council approve the Intergovernmental Agreement with Horry County for the Master Trail Plan and authorize the City Administrator to execute the agreement on behalf of the City.

INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF CONWAY AND HORRY COUNTY

If either party fails to satisfy its responsibilities as detailed above, the other party may terminate this Agreement in writing.

If the County is unable to secure sufficient grant funding to pay for the services described in Exhibit A, it may terminate this Agreement in writing without consequence or penalty.

VIII. Governing law

This Agreement shall be governed by and enforced in accordance with the laws of the State of South Carolina.

IX. Freedom of Information

- B. Discussion of a request to rezone approximately 0.35+/- acres of property located at 1328 Cottage Lane and 1636 Church Street (PINs 338-10-02-0009 & 338-10-02-0008), from the City of Conway Low/ Medium-Density Residential (R-1) district to the City of Conway Highway Commercial (HC) district.** Hucks stated that this is a request to rezone two parcels located at the corner of Church Street and Cottage Lane. Both parcels are currently zoned R-1. One of the parcels is where a title loan business had been located for several years and the other parcel contains a billboard. The City’s future land use map identifies the properties as HC and the requested zoning is also HC, for purposes of commercial development. Hucks said that Planning Commission is scheduled to hold a public hearing on the request at their November 6 meeting and their recommendation will be forwarded with first reading of the request.

FIRST READING:

- A. First Reading of Ordinance #ZA2026-01-20 (A) to annex approximately 0.18 acres of property located at 642 Lesia Lane (PIN 382-11-02-0007).** Hucks stated that this request is a result of a name change to a city utility account due to the passing away of the property owner and the personal representative of the deceased is registering the utility account in their name. There have been seven other properties on Lesia Lane within the Pine Valley Estates subdivision that have been annexed over the past several years, with the first

occurring in 2012 and the most recent in January of this year. This particular property is contiguous through the rear adjoining property, owned by US Fish & Wildlife, not through adjacent properties in this subdivision. The precedent for annexing properties within Pine Valley Estates was set back in 2012; however, most of the lots on Lesia Lane contain manufactured homes, and when annexed, are annexed as legal nonconforming structures and uses, with limitations on replacement. Further, the adjacent lots appear to only have frontage on a dirt road no longer being maintained by the county, so should those properties come up for annexation at some point in the future, the city would end up with another situation where if annexed, no permits could be issued for construction without either the road being improved to city standards, and being dedicated to the City, with the unlikelihood of that happening with the remainder of the roads in the development being county maintained. Additionally, sanitation vehicles will have a difficult time maneuvering in and out given the fact that the roads are substandard, which is the reason other annexation requests were denied that were proposed for other areas within the subdivision.

Hucks said that staff recommends against annexation of the property for these reasons.

Motion: Blain made a motion, seconded by White, to deny first reading of Ordinance #ZA2026-01-20 (A) annexing the property located at 642 Lesia Lane. **Vote:** Unanimous. Motion carried.

- B. First Reading of Ordinance #ZA2026-01-20 (B) to annex approximately 0.15 acres of property located at 182 Quail Run (PIN 383-09-04-0040).** Hucks stated that this property is within the Quail Creek subdivision, and annexation is now required due to a change in property ownership, in accordance with restrictive covenants that were filed in 2010 as well as a condition of receiving city utilities. The property contains a single-family dwelling, and according to the application, it is a rental home. Eight other properties within Quail Creek have been annexed into the City, with the adjacent parcel annexed in 2023, making the subject property contiguous. If first reading of this annexation is approved, Planning Commission will hold a public hearing on the request at their December 11 meeting.

Hucks said that staff does recommend approval of first reading of the ordinance to annex the property.

Motion: White made a motion, seconded by Goldfinch, to approve first reading of Ordinance #ZA2026-01-20 (B) annexing the property located at 182 Quail Run. **Vote:** Unanimous. Motion carried.

CONSIDERATION:

- A. Consideration of Acceptance of a Bid for Kingston Lake Stormwater Outfall Upgrades - Park View Construction Contract** – Fleming said that the city received grant funding to improve the Kingston Lake Stormwater Outfall Upgrades - Park View through the South Carolina Infrastructure Investment Program (SCIIP), which is administered by the South Carolina Rural Infrastructure Authority (RIA) and funded by federal State and Local Fiscal

Recovery Funds (SLFRF) through the American Rescue Plan Act (ARPA). This project includes installing proposed stormwater infrastructure on Park View Rd., Long Road & Graham Road, concrete ditch maintenance on 16th Avenue outfall as called out in the plans provided by Bolton & Menk, Inc. This project consists of installing RCP ranging in sizes from 18” to 24” along with the installation concrete drainage boxes to add additional capacity and resiliency to the City’s stormwater system. The City of Conway advertised publicly to select a firm to construct the Kingston Lake Stormwater Outfall Upgrades – Park View. Proposals were required to be submitted to the city no later than October 13, 2025. Four firms submitted proposals

Fleming said that staff recommends the lowest responsible bidder, Green Wave Contracting, to construct Kingston Lake Stormwater Outfall Upgrades for the Park View Construction Contract.

Motion: Helms made a motion, seconded by White, to approve the acceptance of a bid from Green Wave Contracting to construct Kingston Lake Stormwater Outfall upgrades - Park View. **Vote:** Unanimous. Motion carried.

White asked that all bid amounts be announced for next consideration.

- B. Consideration of Acceptance of a Bid for Kingston Lake Stormwater Outfall Upgrades - Rosehaven Construction Contract** – Fleming stated that this request is like the previous grant funding request and is a consideration of acceptance of a bid for Kingston Lake Stormwater Outfall Upgrades for the Rosehaven Construction Contract. The project includes installing proposed stormwater infrastructure on Blue Bell Lane, Highway 701 and Boundary Street, Rosehaven, Pine Street Concrete Ditch Repairs, Moore Lane Drainage Repairs, Ridgewood Drive Drainage Improvements, and General Ditch Cleaning and Maintenance as called out in the plans provided by Bolton & Menk, Inc. This project consists of installing RCP ranging in sizes from 18” to 24” along with the installation concrete drainage boxes to add additional capacity and resiliency to the City’s stormwater system. The City of Conway advertised publicly to select a firm to construct the Kingston Lake Stormwater Outfall Upgrades - Rosehaven. Proposals were required to be submitted to the city no later than October 13, 2025. Three firms submitted proposals.

Fleming said that staff recommends the lowest responsible bidder, Atlas Construction of SC, to construct Kingston Lake Stormwater Outfall Upgrades for the Rosehaven Construction Contract.

Motion: White made a motion, seconded by Helms, to approve the acceptance of a bid from Atlas Construction of SC to construct Kingston Lake Stormwater Outfall upgrades - Rosehaven. **Vote:** Unanimous. Motion carried.

- C. Consideration of 2026 City Council Meeting Schedule** – Emrick said that the 2026 council meeting schedule consists of March, April, July and December having one meeting during those months. Three meetings in the months of January, February and September have a meeting on Tuesday due to conflicting Holidays. All other months are the first and third Mondays of the month.

Motion: Blain made a motion, seconded by Jordan, to approve the 2026 Conway City Council Meeting Schedule as presented. **Vote:** Unanimous. Motion carried.

PUBLIC INPUT: None

CITY ADMINISTRATOR'S REPORT:

Emrick informed Council of the following:

- Chief Le Hendrick announced that he will be retiring at the end of the year. Le has served as the City's Fire Chief for the last 11 years and has been in the fire department for 32 years. Congratulations Chief Hendrick.
- Gave a recap of October - 456,900 people come to downtown Halloween which was up nearly 50% over last year. Peak day was Saturday, October 18 with 37,500 people. On Halloween itself, 20,200 people visited downtown. On average, 14,800 people visit every day of the month. The peak time of day was 7 p.m.
- Comparisons to last year. Last year, the highest visit day was also a Saturday, the 19 with 20,700 people on that day. The city averaged 9,900 per day last year. The same patterns existed last year with Saturdays as the biggest day, and 7 p.m. was the peak time of day.
- 2021 data, the year before the city became Halloween, South Carolina. The trend data isn't as clear. The busiest day of October 21 was Saturday October 2 with 13,200 people, but there was no other obvious day of week peaks. The peak time of the day was noon. The average number of daily visitors was 5,800 people with a total of 178,800 people in 2021.
- The economic impact data of October 2025 will not be seen for a few more weeks, as that information is about a month behind. But anecdotally, staff have heard that both Crafty Rooster and Chanti's had their best months ever, running out of food multiple times. Same at Hopnwich and at River City Café. Mid-month food trucks were brought in to address the overwhelming of our restaurants, and those food trucks reported their best days ever, as well.
- The city had a lot of help this year, not just from our amazing City team, but also an army of volunteers. HGTC sponsored our movie series and will do so again for Christmas. Barndo, the barndominium company, built a Halloween display near Chanti's. OrthoSC built a spooky spider surgeon display on the Riverwalk. Murder Beach Productions brought a haunted house to us and Crazy Sister Marina brought us a real pirate ship. Our non-profit partners, our stores and our restaurants stepped up their game, including spreading the love outside of just downtown with the now famous, BooJangles. Emrick thanked everyone for all that they did to make this month what it was and hopes that our partners had half as much fun as we did.
- Emrick said that the city may have created a bit of an issue though saying that Christmas is big in Conway. The bar has been set so high with Halloween that people are expecting us to raise the bar even higher for Christmas. At some point, we are going to reach the maximum height of that bar, but that time isn't this year. Emrick told all to make sure December 4th is on their calendar for the Christmas Tree lighting and the official start of the Christmas season.

November 3, 2025

- This Friday at 4 pm, Coastal Carolina University will hold their Homecoming Parade downtown, following a similar route to the High School Homecoming Parade. Council will have transportation in the parade and should meet at Marina Drive at 3:45 p.m.
- Emrick said that he would yield the remainder of his time to Captain Tammy Carter.

Blain suggested that the city acknowledge Boojangles for their participation in Halloween.

Captain Carter gave a heartfelt message regarding her retirement from the city.

1328 Cottage Ln & 1636 Church St (Rezoning)

COUNCIL MTG DATE: November 17, 2025	AGENDA ITEM: V.B.
ORDINANCE: #ZA2025-12-01 (D)	AGENDA SECTION: First Reading
ISSUE: Discussion of a request to rezone approximately 0.34+/- acres of property located at 1328 Cottage Lane and 1636 Church Street.	
APPLICANT(S): Tim White, Agent	PIN(s): 338-10-02-0009 & 338-10-02-0008
CURRENT ZONING: Low/Medium Density Residential (R-1)	PROPOSED ZONING: Highway Commercial (HC)
BACKGROUND: The applicant submitted a rezoning application on September 9 th to support the potential redevelopment of the two subject properties. Both properties are currently zoned Low/Medium Density Residential (R-1). The Church Street parcel contains a billboard sign but is otherwise vacant. The Cottage Lane parcel previously operated as a title loan office; however, the business has relocated, leaving the building vacant. The former use had been considered legally nonconforming, though that status has lapsed due to the absence of an active business license for more than 180 days. Any future use must comply with current zoning requirements.	
SURROUNDING USES/ZONING: The subject properties are surrounded by parcels zoned Highway Commercial (HC) within both the City of Conway and unincorporated Horry County. Adjacent uses include Coastal Centre and Burger King, each zoned HC within the City limits.	
COMPREHENSIVE PLAN / FUTURE LAND USE MAP: The City's Future Land Use Map designates the area as Highway Commercial (HC). <i>The intent of the HC District is to provide compatible locations to serve the automobile oriented commercial activities in harmony with major highway developments, reduce traffic congestion and to enhance the aesthetic atmosphere of the city.</i>	
PLANNING COMMISSION RECOMMENDATION: Approval Planning Commission held the required Public Hearing and recommended approval of the proposed zoning at their November 6 th meeting.	
RECOMMENDED ACTION: Staff recommends approval of first reading of the ordinance to zone the subject properties HC upon annexation.

Ole Alston Ave (Annexation)

COUNCIL MTG DATE: November 17, 2025	AGENDA ITEM: V.D.
ORDINANCE: #ZA2026-01-20 (D)	AGENDA SECTION: First Reading
ISSUE: Petition to annex approximately 16.6+/- acres of property located on Ole Alston Ave.	
APPLICANT(S): Joshua Sorrows, Harvest 247	PIN(s): 369-00-00-0031
CURRENT ZONING: Commercial Forest Agriculture (CFA)	PROPOSED ZONING (upon annexation): Low/Medium-Density Residential (R-1)
BACKGROUND: The subject property is currently vacant and located off Ole Alston Avenue near Dirty Branch Road. Restrictive Covenants for the property were recorded on November 4, 2025. Annexation is being requested as a requirement for connection to City utilities. Ole Alston Avenue is a county-owned roadway that does not appear to be paved. Per <i>Section 10.5.2 – Street Improvements</i> of the City’s Unified Development Ordinance (UDO): “Any existing street segment that has not been accepted for maintenance by either the City of Conway, Horry County, or SCDOT, and that is to serve as the required frontage for one or more lots created, <i>shall be improved and dedicated to the public in such a manner that the street segment meets the standards for the particular classification of street</i>, including right-of-way width. Such street segment shall be directly connected to the existing public street system by way of at least one public street accepted for maintenance by the City of Conway, Horry County, or SCDOT. <i>No development shall be permitted on any street that is an “island” not connected directly to the public street system.</i>” Based on this requirement, any vacant property located on Ole Alston Avenue that is adjacent to City property and required to annex would also be required to improve the roadway(s) providing access to the site prior to development. This condition could result in a significant financial burden for individual property owners.	
SURROUNDING USES/ZONING: The subject property is contiguous to parcels within the Woodland Lakes Subdivision, which are zoned Low/Medium-Density Residential (R-1). Annexation requests for adjacent properties were previously denied by City Council in April 2022 and again in February 2024.	
COMPREHENSIVE PLAN / FUTURE LAND USE MAP: The City’s future land use map identifies the property as Low/Medium-Density Residential (R-1). <i>The intent of the R-1 District is to provide for the preservation and expansion of areas for low to medium density, detached single-family residential development in the City of Conway. The district shall</i>

PLANNING COMMISSION RECOMMENDATION (and public hearing):

If Council approves first reading of the ordinance to annex the subject property, Planning Commission will hold a public hearing on the requested zoning upon annexation at their December 11th meeting.

Detailed project narrative

What does your proposal entail? Please limit your responses to 500 words or less.

Coastal Carolina University Athletics has won a bid to host a two-day Banana Ball event with Fans First Entertainment on March 28–29, 2026, at Springs Brooks Stadium. The event will attract visitors, boost local spending, and showcase Conway as a vibrant sports and entertainment destination. Coastal Carolina Athletics is seeking operational and grant support to meet Fans First requirements.

Will there be any collaborations or partnerships?

Yes. Coastal Carolina University Athletics is partnering with the City of Conway as the presenting sponsor for "Party Animals Weekend." This collaboration will highlight Conway's role as the host city, promote local businesses through downtown activations and vendor showcases, and create shared marketing opportunities that drive tourism, community pride, and economic growth throughout the area.

How will the program be implemented (goals and objectives) and how will each be measured?

The program will be implemented through coordinated planning between Coastal Carolina Athletics, Fans First Entertainment, and the City of Conway, focusing on tourism growth, community engagement, and economic impact. The goal is to attract 10,000 to 12,000 attendees, with 35 to 45 percent coming from outside Horry County, measured through ticket sales and zip code data. Economic impact will be tracked through hotel reporting and sales data to capture increases in local revenue. Brand exposure will be monitored through marketing analytics and press coverage. Success will be evaluated through post-event reporting, partner feedback, and measurable increases in tourism and local business activity.
