PLANNING DEPARTMENT

CITY OF CONWAY
COMMUNITY APPEARANCE BOARD MEETING AGENDA
Wednesday, June 25, 2025 | 4:00 p.m.
City of Conway Planning & Building Dept. – 196 Laurel Street

I. CALL TO ORDER

II. APPROVAL OF MINUTES (June 11, 2025)

III. CERTIFICATE(S) OF APPROPRIATENESS

A. 1119 Third Ave (Peony & Fig): The applicant, Duplicates Ink, is requesting approval for exterior improvements and new signage for the building located at 1119 Third Ave. (PIN 368-04-02-0056).

B. 329 Laurel St (Mural): The applicant, Downtown Alive, is requesting approval for exterior façade improvements for the exterior wall of the building located at 329 Laurel St. (PIN 368-04-02-0097).

IV. PUBLIC INPUT

V. BOARD INPUT

VI. STAFF INPUT

VII. ADJOURN

CITY OF CONWAY
COMMUNITY APPEARANCE BOARD MEETING
WEDNESDAY, June 11, 2025
Planning & Building Dept. Conference Room – 196 Laurel Street

Present: Jacqueline Kurlowski, Duc Watts, Gerry Wallace, Coker Hall

Absent: Jamie McLain, Troy Roehm, McKenzie Jordan

Staff: Katie Dennis, Planner; Marsha Ponder, Planning Assistant; Louis Smith, IT; Mary Catherine Hyman, Deputy Administrator; Brandon Harrelson, Public Works Director; Robert Cooper, Building Official, Sydney Livingston; Summer intern, Natalia Simmons; summer intern

Other: Kathy Ropp, Hillary Howard, Tim McGee, Stacy Crabtree Sr.

I. CALL TO ORDER

Chairperson Kurlowski called the meeting to order at approximately 4:00 p.m.

II. APPROVAL OF MINUTES

Watts made a motion to accept the minutes as written. It was seconded by Hill to approve the May 14, 2025, minutes. The vote in favor was unanimous. The motion carried.

III. PUBLIC INPUT

There was no public input.

IV. CONCEPTUAL REVIEW

A. <u>1014 Fourth Ave.:</u> The applicant, Tom Anderson, agent for Theatre of the Republic, INC. is requesting conceptual review of proposed alterations to the building located at 1014 Fourth Ave. (PIN 368-04-02-0006).

Dennis provided an overview that Theater of the Republic recently acquired the building located at 1014 Fourth Ave. They are proposed to utilize the building as a black box theater. A black box theater is completely black. The walls, floors and ceiling are typically painted black, and this provides a "blank slate" for any production that takes place inside the theater (fbplayhouse.org).

As part of the renovation taking place inside the building, the applicant will be required to construct restrooms, sufficient in size to support the occupancy of the theater, including ADA accessible restrooms. These restrooms will need to be constructed in the front of the building (close to building entrance), and as such, the applicant would like to replace the existing display windows with stained windows or another similar product to obscure the view of the restroom additions inside the building.

According to land records, the structure was constructed in 1925.

Historic Design Review Districts: Community Appearance Guidelines:
Section B, Chapter 4: 4.1. Displays

- 4.1.22 Preserve (retain, restore, and maintain) any original display material. Specifically address integrity of glazing putty, exterior edges of framing reveal or interior stops that secure display glass. These items are exposed to most weathering and UV light and are intended to be maintained.

- 4.1.27 Retain later-period displays or significant modern storefronts having a retail history to downtown, or those using quality modern materials, to preserve later storefront features as noted.
- 4.1.28 Do not remove, replace, reduce, cover, or alter original display windows.
- 4.1.30 Do not install smoked, mirrored, or tinted glass or films. This severely limits valuable product display capability reflecting the street scene back to the pedestrian and has an inappropriate character for the traditional environment. Gain shade with deep enough awnings and/or canopies and keep display lights on during the day.
- 4.1.31 Do not install thick insulated glass if original, historic frames, trim work and display configuration do not accommodate the new glass. Contemporary glass can be ordered and often set into traditional wood framing with the same trim and stops reinstalled to the new glass thickness. Historic metal frames are more difficult due to the precise fit of parts.
- 4.1.32 The removal of historic glass or displays should not be carried out due to simple drafts that can be addressed with proper maintenance. An enclosed storefront is not a tradeoff for a well-placed, extended awning or traditional interior sun-screening device. If possible, use sun screening and new glazing in tandem for the best efficiency.

Staff recommends, this is conceptual only; for discussion.

Renderings are included in the packet.

The applicant, Tim McGee with Theater of the Republic, was present to answer any questions.

Staff, board and the applicant discussed at length.

V. CERTIFICATES OF APPROPRIATENESS

A. <u>196 Laurel St. Holiday Alley:</u> The applicant, City of Conway, is requesting approval for proposed improvements to the Alley ways and parking areas near 196 Laurel St. (PINs 367-01-01-0002, -0069, & -0001).

Mary Catherine Hyman, Deputy Administrator for the City of Conway, outlines how the city, following the advice of many master plans, Council and staff have been focused on beautification projects through the City. This has included renovations of public spaces, as well as renovations as the connections between these places, including alleys. Eventually, these upgraded alleys will connect to form a downtown trail system that will loop in with the Riverwalk, Riverfront Park, Ash Ponds property development, and the Kingston Ferry to traverse across the river.

Previous downtown alley/trail glow-ups include: Norman Alley, Gardenwalk, Teal Alley, Scarborough Alley, and the recently completed Town Green connection and Riverwalk Expansion.

For the upcoming year, staff would like to focus on the space that has become known as “Holiday Alley”. This area is located off 2nd Avenue beside the Construction Services/Planning & Development Building (196 Laurel). In recent years, this area has been filled with spectators during the holidays. The alley is filled with its own decorations and acts as a connection between other holiday hot spots, such as the Terrace and Town Green. This past October, a crosswalk was added on 2nd Ave due to the large crowds walking between this alley and the newly renovated Town Green. This would be considered Phase 1 of Holiday Alley, with Phase 2 as the portion that Connects Phase 1 to the riverfront.

Detailed ideas for Holiday Alley:

- With coordination and a façade easement from Burroughs & Chapin, the City could create a “Alley as Gallery”, and work with local schools to provide rotating art on the wall areas between pilasters. The art would be hung in between holiday seasons, to create a draw to the alley when no holiday décor is in place.

- Trees and landscaping planted on both sides that contribute the holiday theming.
- Entrance arch to be wrapped in lights to coincide with holiday seasons, and other holiday decor.
- The concrete paver imitation cobblestone will mimic the existing meandering path while incorporating seasonal lighting. A small curb on each side of the walk with a cobblestone cap over the curb that hides the led rope lighting. This would light up the walkway and not shine in people's eyes. We can adjust the lighting accordingly -bright red or pink for Valentine's Day, warm golden whites for Christmas, and spooky greens, oranges, and purples for Halloween.
- At the intersection of the two phases, install a large circle with public art. The public art piece could be removable to allow for the walk-through ornament placing at Christmas, and Best Friends sign at Valentine's Day.
- Poles on the perimeter, like in the Garden Walk, to be used for something in the future to hang lights, baskets, wreaths, vines, etc.
- Concrete pads with removable benches. The pads can also be used for seasonal décor, such as skeletons during Halloween.
- Electrical and irrigation included
- Incorporate a digital kiosk that also plays music

Renderings are included in the packet.

The applicant, Mary Catherine Hyman, City of Conway, was present to answer any questions.

Staff, board and the applicant discussed at length.

Hall made a motion to approve the request as presented. Watts seconded the motion, and the motion carried unanimously.

B. **Riverfront Park Public Restrooms:** The applicant, City of Conway, is requesting approval for exterior façade improvements for the public restrooms and privacy wall located at the Riverfront Park entrance. (PIN 367-08-01-0003).

Dennis provided an overview that the applicant, City of Conway, is requesting approval for exterior façade improvements for the public restrooms and privacy wall located in front of Riverfront Park.

The location is frequently inundated by floodwater and the installation of more flood resistant materials would provide a greater life span and integrity of the structures. The applicant does propose repainting the brick in the same color that is currently on the building and is only seeking approval for the change in material type.

Renderings are included in the packet.

At the request of the board the mural listed as Item V.C was also heard by the board in conjunction with this item and voted on as such.

The applicant, Mary Catherine Hyman, City of Conway's, was present to answer any questions.

Staff, board and the applicant discussed at length.

Wallace made a motion to approve the Riverfront Park restroom renovation with the accent wall and mural, as presented. Hall seconded the motion, and the motion carried unanimously.

C. **Riverfront Park Mural:** The applicant, City of Conway, is requesting approval of a mural located at the public restroom entrance at Riverfront Park. (PIN 367-08-01-0003).

An overview was provided in conjunction with Item V.B., discussed and voted on as stated above.

VI. PUBLIC INPUT

None

VII. BOARD INPUT

None

VIII. STAFF INPUT

Dennis reviewed potential dates for an upcoming workshop and introduced Sydney Livingston and Natalia Simmons, the city's 2025 summer interns.

IX. ADJOURN

There being no further business to come before the board, a motion was made and seconded to adjourn the meeting at 4:33 pm. The vote in favor was unanimous and the motion carried.

Approved and signed this _____ day of _____, 2025.

_____

Coker Hall, Vice Chairperson

DATE: June 25, 2025
ITEM: III. A.

ISSUE:

1119 Third Ave. (Peony & Fig): The applicant, Duplicates Ink, is requesting approval for exterior improvements and new signage for the building located at 1119 Third Ave. (PIN 368-04-02-0056).

ZONING DISTRICTS / HDRD:

Central Business District (CBD), Historic Design Review District (HDRD)

SCOPE OF WORK:

The applicant, Duplicates Ink, is requesting approval for exterior improvements and new signage for the building located at 1119 Third Ave.

The applicant is proposing to install a **24' (W) x 4' (H), totaling 96 Sq. Ft.** the sign will be a **pin-mounted PVC wall sign**. The wall the sign is to be affixed to measures **30' (W) x 24' (H), totaling 720 Sq. Ft**. allowing for a **max coverage (15%)** of **108 Sq. Ft.**

The sign will be dimensional and is not illuminated.

The sign is compliant with the UDO.

Renderings are included in your packet

Applicable Standards

City of Conway Unified Development Ordinance (UDO):

- Section 2.2.2, Sign-Related Definitions
- Section 11.3.2, Sign Standards by Zoning District
- Section 11.4.1, Wall Signs

Historic Design Review Districts: Community Appearance Guidelines:

- Section C, Ch 5: 5.1 Marketing and Sign Basics
- Section C, Ch 6: 6.1 The Primary Sign
- Section C, Ch 6: 6.2 Secondary Signs

STAFF RECOMMENDATION:

If the board chooses to grant the request, staff recommends the following conditions:

- The applicant must obtain all applicable permits
- Any deviation from what is approved shall require a re-review from this board and subsequent approval.
